REQUEST FOR REFUND

Dear Sir/Madam:

This morning, the undersigned received a call from Document Services that Deposit Account 50-3202 does not have sufficient funds to cover an order the undersigned had placed with Document Services. The undersigned was shocked at the notice of insufficient funds and immediately logged into the USPTO deposit account system to review statements for Deposit Account 50-3202. The undersigned found that on January 7, 2008, a fee in the amount of \$1440 was erroneously charged to Deposit Account 50-3202 for U.S. Application No. 10/609061. The undersigned called the Customer Service Help Desk and spoke to Tasha Coates, who informed the undersigned that the charge was for payment of an issue fee.

On August 27, 2007, issue and publication fees in the amount of \$1700 were paid in U.S. Application No. 10/609061 using a credit card and via EFS Web. U.S. Application No. 10/609061 was subsequently withdrawn from issue to allow consideration of an information disclosure statement and was allowed again on November 28, 2007. The notice of allowance of November 28, 2007, was accompanied by a fee transmittal indicating that an amount of \$1440 was due on February 8, 2008.

The undersigned called the USPTO to find out why the fee transmittal did not reflect the amount originally paid on August 27, 2007. The undersigned was instructed to write a letter requesting the USPTO to reapply the issue fee paid on August 27, 2007 to the issue fee due on February 8, 2008.

On January 7, 2008, the undersigned faxed to Mail Stop Issue Fee, a request to reapply the issue fee in the amount of \$1400 paid on August 27, 2007, to the issue fee due on February 8, 2008. A copy of the request is enclosed. It appears that this request was ignored by the USPTO, and the issue fee in the amount of \$1440 was charged to Deposit Account 50-3202 instead. This needs to be corrected immediately. Only \$40, the difference between the issue fee paid on August 27, 2007, and the issue fee due on February 8, 2008, should have been charged to Deposit Account 50-3202. **The undersigned hereby requests that the amount of \$1400 charged to Deposit Account 50-3202 be credited back to Deposit Account 50-3202.**

Further, because the amount of \$1440 was charged to Deposit Account 50-3202 on January 7, 2008, the balance in Deposit Account 50-3202 dipped below \$1,000 and service charges have been charged to Deposit Account 50-3202 since January 7, 2008. **Therefore, in addition to crediting the Deposit Account 50-3202 with \$1440 for the issue fee, the undersigned also requests removal of all the service charges applied to Deposit Account 50-3202 since January 7, 2008.** Presently, the records show that a total of 8 service charges in the amount of \$25 each have been applied to Deposit Account 50-3202. For your reference, a copy of the Deposit Account statements from January to September 2008 is enclosed.

Please note that the address currently associated with Deposit Account 50-3202 in your records is no longer valid. As a result, the undersigned, who is responsible for management of Deposit Account 50-3202, has not received any statements from the USPTO regarding Deposit Account 50-3202 for several months. The current address for the undersigned is:

Please change the address associated with Deposit Account 50-3202 to the address indicated above.

The undersigned would appreciate your immediate attention to the matter above because the undersigned depends on the Deposit Account 50-3202 for transactions in other patent applications. Further, the undersigned would like to be notified once the appropriate credits have been made to Deposit Account 50-3202 in light of the requests above.

Date: September 5, 2008
